

STANDARDS GUIDE FOR USING THE TALENT FUND LOGO

April 2016

1. OFFICIAL VERSION OF THE LOGO

These “Talent Fund” logo user standards must be respected at all times and on all communication and broadcasting platforms. The various versions of the logo may not be modified or altered under any circumstances. Any use or duplication of the logo must first be authorized by Telefilm Canada. This guide explains how and where to use each version of the logo.

English Version

The English version of the logo features the word "TALENT" in a bold, purple, sans-serif font, followed by "FUND" in a bold, pink, sans-serif font. Below "FUND" is the French text "FONDS DES TALENTS" in a smaller, green, sans-serif font.

French Version

The French version of the logo features the word "FONDS" in a bold, pink, sans-serif font, followed by "DES" in a smaller, green, sans-serif font, and "TALENTS" in a bold, purple, sans-serif font. Below "TALENTS" is the English text "TALENT FUND" in a smaller, green, sans-serif font.

2. INSTRUCTIONS AND RESTRICTIONS FOR USING THE LOGO

2.1. **Minimum size**

The logo must always be big enough for the wordmark to be read. Therefore, the size will vary based on the resolution of the medium used. The logo should be no less than 3.8 cm (1.5 in.) wide, for the French version, and 3.175 cm (1.25 in.) wide, for the English version.

2.2. **Empty space**

Empty space refers to a protected area around the lettering of the logo whose external width and height correspond to the size of the letter “T” in the word “TALENT.” No visuals may appear in this empty space or be linked to the image of the logo. The background must not reduce the visibility of the logo.

2.3. **Background**

The logo may only be used on a black, white or grey background. Never put the logo on a background of any other colour or modify the above three colours by adding a tint, shading, etc.

2.4. **Prohibited use of logo**

In order to preserve the identity of the Talent Fund logo, the graphic design and position of the logo may not be changed under any circumstances. Do not position the logo vertically or diagonally. Do not use just one part of the logo on its own. Never put a box around the logo. Do not add colour. Do not use the logo in a box with other names or logos.
